\*These grids are based upon, and "overlap" the existing salary grids for teaching faculty in 2008-09 and 2009-10. Grids reflect the new hiring rate of Assistant Professor, Step 5 for Nursing, Dental and Allied Health teaching faculty. At the top of the grid, two steps (14, 15) have been added to the existing salary grid for Assistant Professor; three steps (15, 16, 17) for Associate Professor, and four steps (15, 16, 17, 18) for Professor. New steps have the same "step value" as the original grid.
